

Measures against COVID-19 during Graduate School of Economics entrance examinations [for everyone taking exams]

From the standpoint of preventing COVID-19 infections, the following points will be taken into due consideration for the entrance examination of the Graduate School of Economics scheduled to be held on July 11 and 12 in Mita campus. **Please note that no special measures such as makeup exams or the implementation of online exams will be carried out for the entrance examinations.**

Furthermore, during the entrance examinations at Keio University, examinees must refrain from taking exams if they are suffering and have yet to recover from an infectious disease for which attendance at university must be suspended according to the School Health and Safety Act (COVID-19, influenza, etc.) because of the risk of infection to other examinees and the examination proctors (unless it has been acknowledged by a school doctor or other physician that the disease symptoms do not pose any risk of infecting others).

Measures to prevent infection and the spread of COVID-19

It is intended for the seats at the examination venues to be designated so that social distancing can be maintained between the examinees. The exam rooms are ventilated and disinfected regularly. In addition, the examination proctors will all be wearing masks and face shields.

- 1) Your body temperature will be checked by thermal camera when coming on campus. If you are suspected of having a fever (37.5 degrees Celsius or higher*), your temperature will be taken using a contactless thermometer. You will not be permitted to enter the campus if your temperature is 37.5 degrees Celsius or higher. **Please note that no special measures such as makeup exams or the implementation of online exams will be carried out for the entrance examinations.**

*If an applicant's natural body temperature is high in average, please submit a daily body temperature record recorded 7 days prior to the exam day.

- 2) **Please be sure to wear a mask when coming on campus and to present your Examination Slip at the campus entrance (Main Gate). You cannot enter the campus without your Examination Slip and the mask;** however, we do ask everyone to cooperate with removing their masks when instructed to do so by examination proctors checking the photo identification of examinees.
- 3) Please assist with keeping the venue sterile by washing your hands and using the alcohol-based disinfectants available at the entrances of the examination venues.

- 4) Please take care around other people on campus so as to avoid the three Cs (closed spaces/crowded places/close-contact settings). Please avoid unnecessary contact with other applicants, including having a meal and a conversation at inside/outside the rooms.
- 5) Once the entrance examination has ended, please promptly vacate the campus and return home.

【Added on July 7, 2020】

Regarding the announcement of the result of first screening, we have changed the time and place of the announcement as below.

< Before change >

Time: July 12, 2020(Sun) 12:30

Place: Mita Campus

< After change >

Time: July 12, 2020(Sun) **9:00**

Place: **URL sent to applicants by Email**

To prevent the spread of COVID-19, the second screening will be divided into 2 groups and the meeting time will vary depending on the group. However, the meeting time for both groups will be after 12:45. If you passed the first screening, please check your meeting time on the same website, and then come to Mita campus.
