•Please note that among the academic fees and expenses, the amount to be paid for basic registration and tuition fees is determined each year by applying the sliding scale system as stipulated in the University Rules and Regulations. The standard for the rate of increase is based on the slide rate (the rate of increase for the salary of national government employees as announced in the National Personnel Authority's annual salary recommendations in the previous year, etc.).

(The sliding scale is not applied to fees for students of the Graduate School of Business Administration, Graduate School of System Design and Management, and the Graduate School of Media Design.)

•The Student Health Care Mutual Aid Association registration fee (100 yen), which is included in other fees, is only collected in the first year. This is not included in the total amount for currently enrolled students.

•Academic fees and expenses and other fees can be paid in two annual installments at the end of April for the Spring Semester and the end of October for the Fall Semester. However, part of the other fees is collected as a lump sum in the Spring Semester.

•Other fees which are collected by the university on behalf of other organizations may be revised during the course of a student's attendance.

•In each table, academic fees and expenses for graduate schools for which there are no applicable students due to program completion, etc., are not listed.
