To companies and organizations requiring Keio University certificates

Office of Student Services, Keio University

Suspension of Issuance of Certificates at Keio University

Due to the spread of Pneumonia Associated with the 2019 Novel Coronavirus (COVID-19), Keio University has decided to close university facilities and deny entrance to the campuses for the following period:

Tuesday, April 7 ~ Monday, April 20 (tentative)

*Above period may change depending on situations such as declaration of the state of emergency, or further spread of the pandemic.

Keio students and alumni will not be able to obtain any certificates during the above period.

The decision to suspend issuance of certificates came after careful consideration on the health and safety of our students and staffs. We would appreciate all considerations towards Keio students and alumni on any submission of university certificates.

Thank you.
