< Notes on applications >

- ◆ Interviews are conducted mainly in English.
- ◆ Students may apply to programs of up to six different hosting universities.
- ◆ The rules for applying for both the International Center slots (University-wide) and the Economics slots (Faculty-wide) are as follows.
(1) If the results of one selection are announced before the application deadline for the other, and if you are accepted in the former selection, you may not apply for the latter.
(2) If the results of the former selection are not announced by the application deadline for the latter, you may apply for both. However, since the results of the former selection take precedence over the latter, the applicant cannot withdraw. Therefore, if you are accepted in either of the selections, your application for selections afterwards will automatically be rejected.
- ◆ Students who study abroad under the student exchange programs are obliged to purchase overseas travel insurance and register for the crisis management support service specified by Keio University, which covers from departure to return (between 150,000 – 200,000 yen).
- ◆ Please note that study abroad programs offered in Second Round may start before the end of the fall semester, **which may result in invalidation of the registration for the entire fall semester courses (including spring-fall “set” courses).**
- ◆ Fourth year students of the Faculty of Economics may apply in their fourth year and go on to study abroad during the period of extension of enrollment, provided that they apply for the extension of enrollment. Those who are already enrolled within the extension of enrollment period at the Faculty of Economics are not eligible to apply.
- ◆ Students under the student exchange programs offered by the Faculty of Economics and/or the Graduate School of Economics are not eligible to apply to JASSO Student Exchange Support Program (Scholarship for Short-term Study Abroad) and Keio University Scholarship for Exchange Students (Outgoing) offered by International Center.
