The quality of life in Tokyo is good, and it is a unique and beautiful city bustling with excitement. Life here is so great that I chose to stay and work in Tokyo after graduation.

Izzatur Wulansari
(from Indonesia)
Faculty of Environment and Information Studies
GIGA (Global Information and Governance Academic) Program

I chose to study at Keio University because of the all-English programs and because I could get a scholarship. At Keio, you have to be proactive and find opportunities for yourself.
